## Verden Auction LIVE in Verden

**Auction starts on Saturday, January 28 at 2 pm (CET)**

**Verden. After a technical malfunction during the online riding horse auction in January, the auction had to be postponed to Saturday, January 28. Another change: bidding will be possible exclusively LIVE in the Niedersachsenhalle as well as by telephone. As of now and during the LIVE auction no online bids can be placed. Until then, the young horses can also be tried out in Verden.**

The stay of the current riding horse collection has been extended by one week. Interested parties still have the opportunity to try out their candidate in consultation with the customer advisors of the Hannoveraner Verband. The collection offers a wide range of future hopefuls from all disciplines.

On Saturday, January 28, starting at 2 pm (CET), the riding horses will then enter the Verden auction floor in hand in the order of their head numbers. The starting bid will be taken from the online bidding process. During the auction, bidding will only be possible live on site or by telephone bidding order. Online bidding will no longer be possible. From the start of the auction, visitors will be treated to a complimentary catering service.

Thursday, January 26
